# SETUP YOUR GOOGLE E-MAIL ADDRESS TO BE USED BY PESAMAIL

Google has added security layers on Gmail such that third party applications not done by google don't integrate easily to GMAIL.
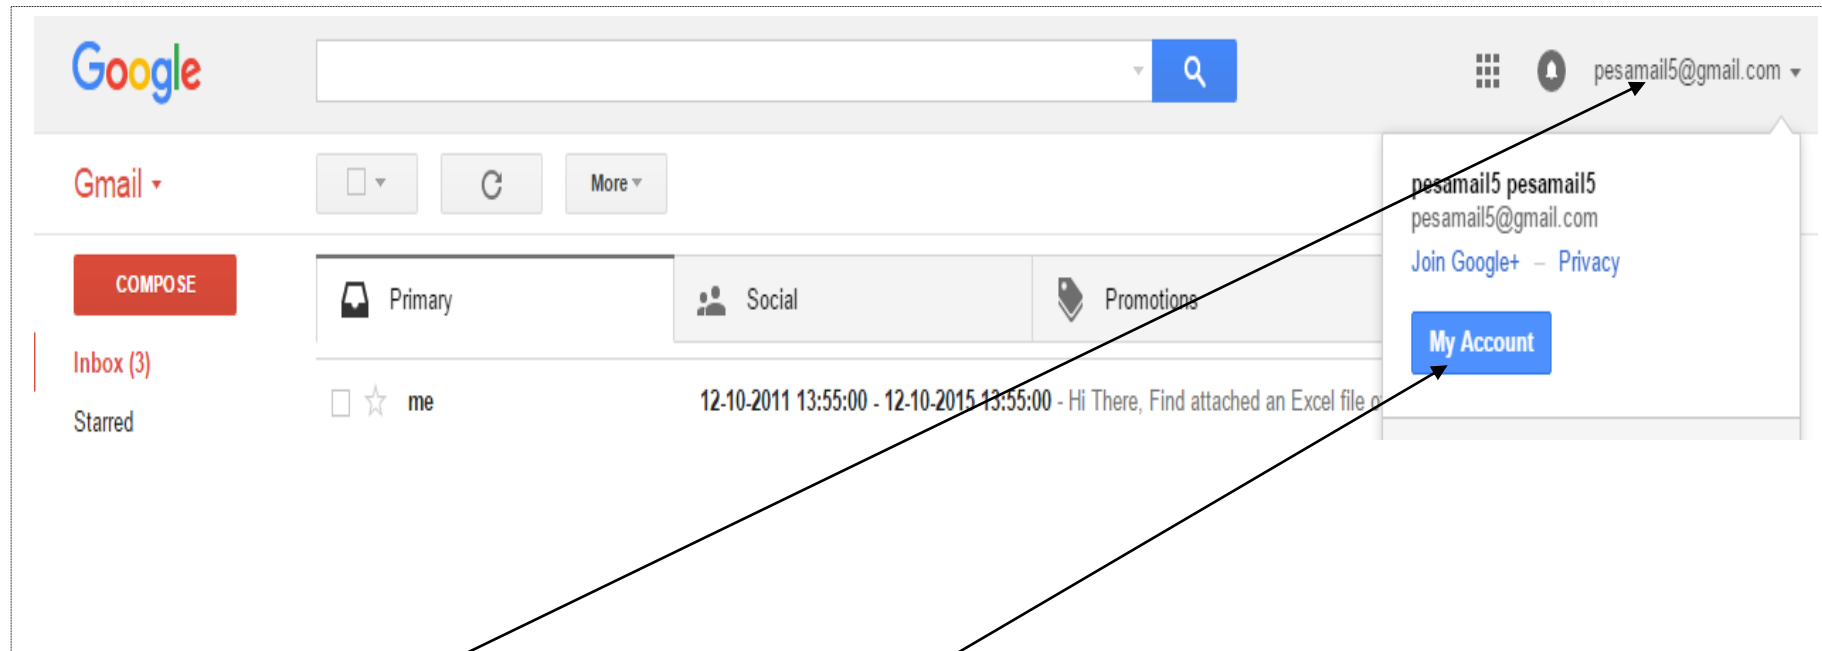

This includes Outlook, Wordpress etc.

- The Mail app on your iPhone or iPad with iOS 6 or below
- The Mail app on your Windows phone preceding the 8.1 release
- Some Desktop mail clients like Microsoft Outlook and Mozilla Thunderbird

Checkout a work around provided by Microsoft found in the following link

**https://support.microsoft.com/en-us/kb/2984937**

**To setup Gmail to be used by PesaMail, proceed as follows,**

# 1. Logon to your Gmail email address

1. **Open you Gmail and click on your name at the top right corner of the inbox**

2. **Click on the My Account button**

2. Once your click on the My Account button, then the following screen will be opened
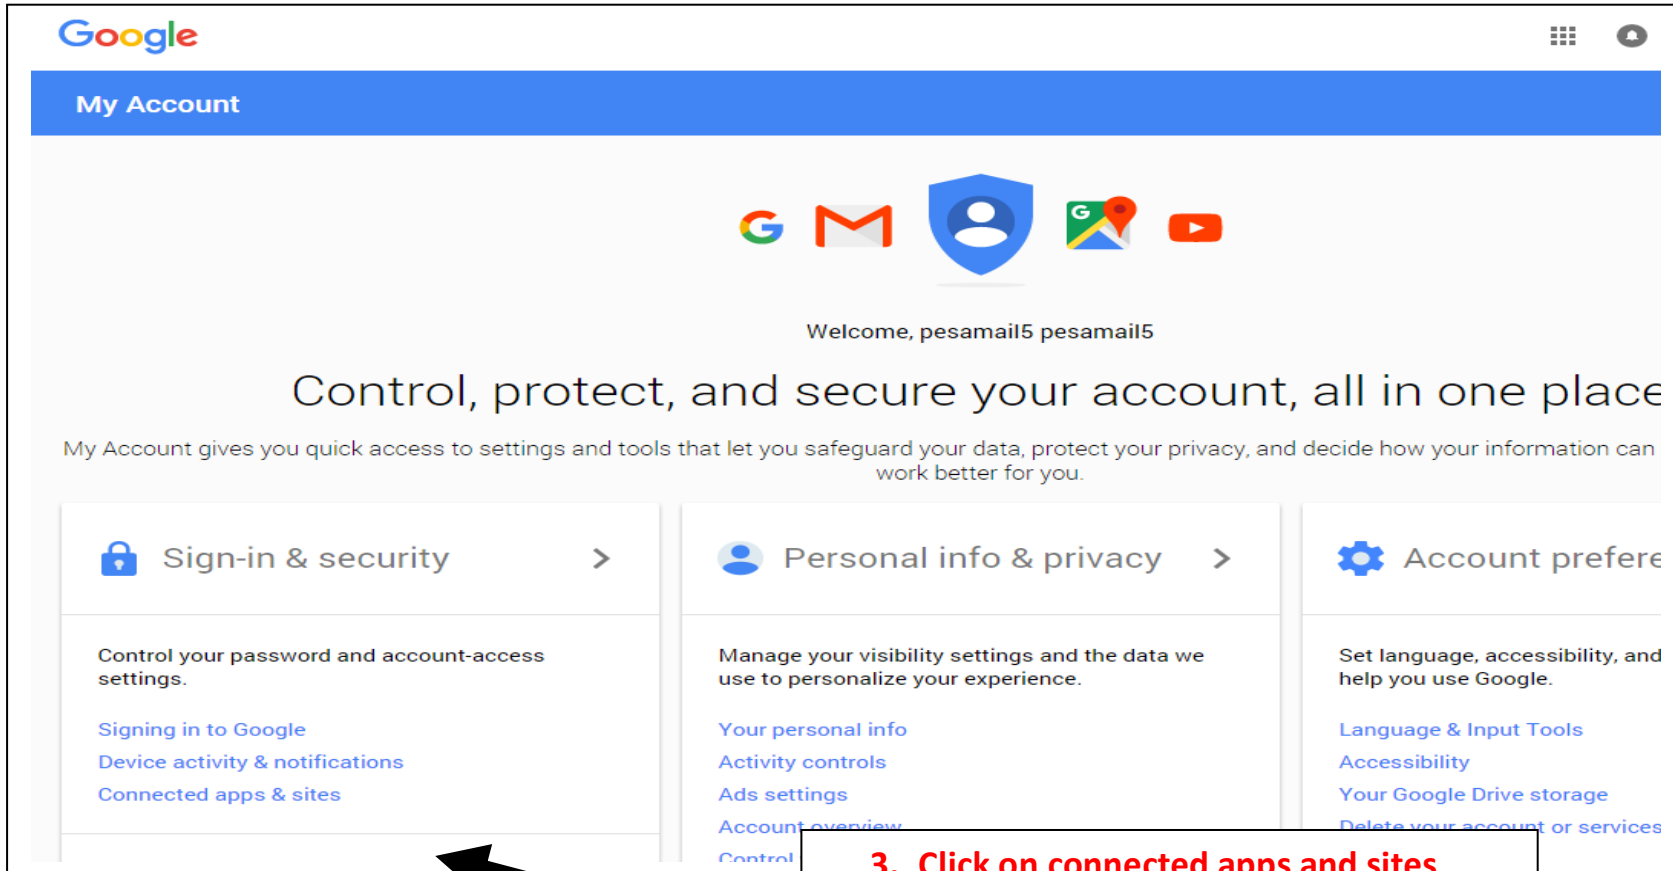

# 3. The screen below will be shown

## My Account

### Sign-in & security

Welcome

**Sign-in & security**

    Signing in to Google

    Device activity & notifications

    Connected apps & sites

**Personal info & privacy**

    Your personal info

    Activity controls

    Ads settings

    Account overview

    Control your content

**Account preferences**

    Language & Input Tools

    Accessibility

    Your Google Drive storage

    Delete your account or services

**About Google**

**Privacy Policy**

**Help and Feedback**

## Connected apps & sites

Keep track of which apps and sites you have approved to connect to your account, and remove ones you no longer use or trust.

### Apps connected to your account

Make sure you still use these apps and want to keep them connected.

**MANAGE APPS**

### Saved passwords

You have no synced passwords.

**LEARN MORE**

### Allow less secure apps: ON

Some non-Google apps and devices use less secure sign-in technology, which could leave your account vulnerable. You can turn off access for these apps (which we recommend) or choose to use them despite the risks.

- **Change this setting so that Allow secure apps:ON as shown above.**

# 4. Access Pesamail MainMenu from your android based deviced

**Main Menu**
Device ID = 12

- Query SMS Transactions
- Setup E-Mail
- Setup Reports
- Activate PesaMail
- Rate PesaMail
- Change Password

- **Click on setup E-Mail**

- **Enter the app password**

1. **Enter your google email address and the password and click save.**
2. **PesaMail should now be able to send you e-mail.**

Logon
**Enter Password**

Password

Ok     Cancel
